ABOUT ME

Waad Aljabr

Computer Science and Data Analytics student pursuing a Professional Associate Diploma as an extra major, with practical experience in Business Analysis. Seeking a Summer Internship opportunity to apply analytical, technical, and problem-solving skills in a professional environment.

EDUCATION

2025-Present

King Fisal University

Associate Diploma

Computer Science and Data Analytics

2016 - 2020

Saudi Electronic University

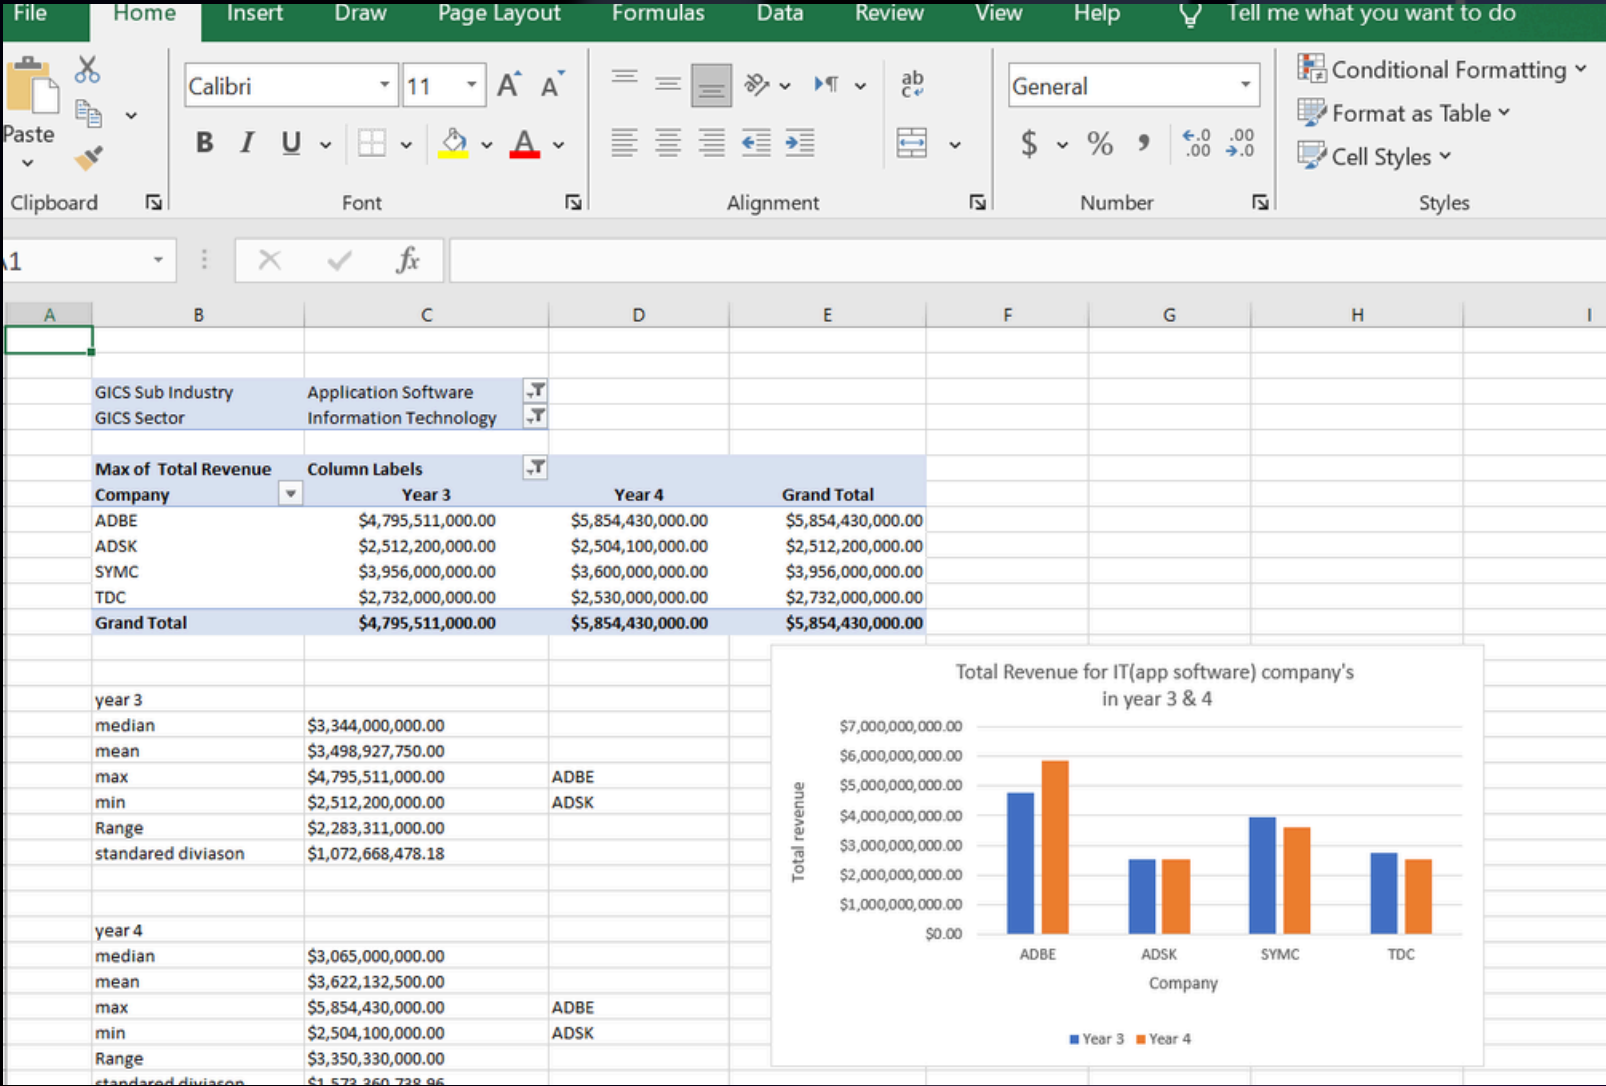

Bachelor Degree

Business Administration & Financial science.

FINANCIAL DATA ANALYSIS & FORECASTING PROJECT - EXCEL

Analyzed historical financial data from S&P 500 companies using Excel. Calculated descriptive statistics and key business metrics, explored financial performance across industries, and developed forecasting models to estimate future growth. Created dashboards and visualizations to communicate insights and support data-driven decision-making.

Skills Applied: Excel, Data Analysis, Financial Forecasting, Data Visualization, Descriptive Statistics, VLOOKUP, INDEX/MATCH, IF Functions, Business Analytics.

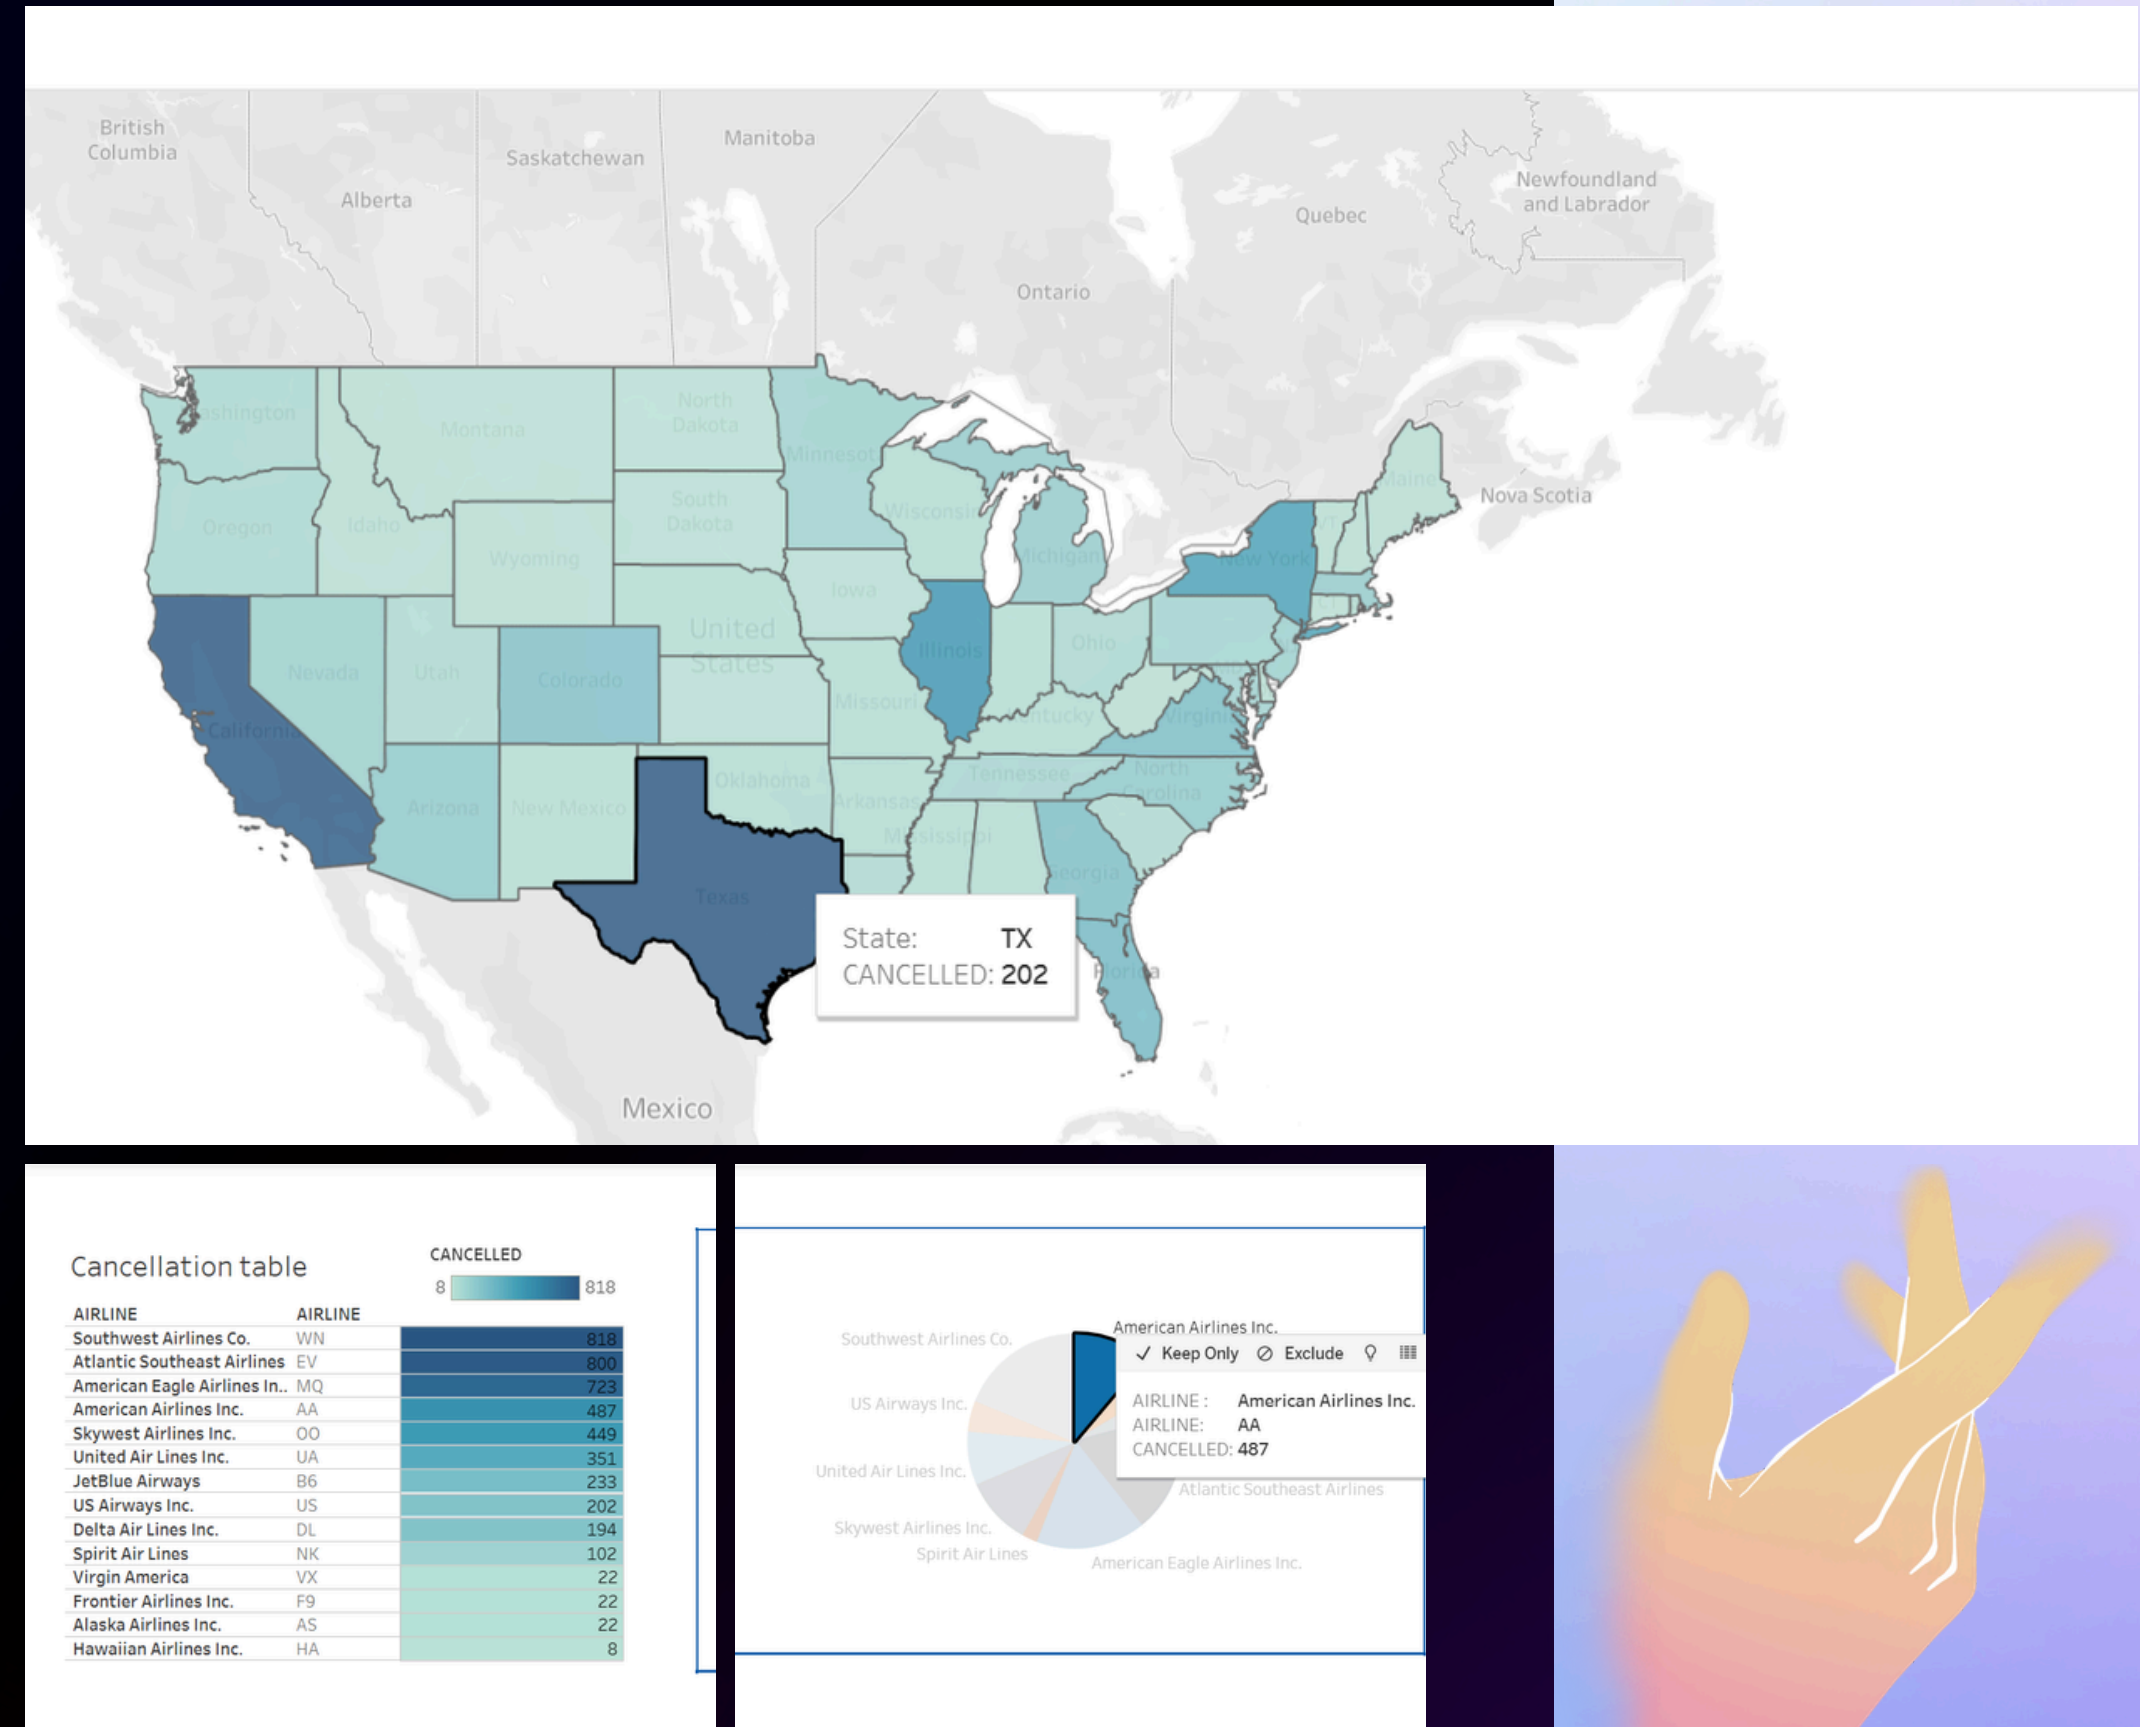

[illegible]

PROJECT 2

US FLIGHT DELAY ANALYSIS & VISUALIZATION - BY TABLEAU

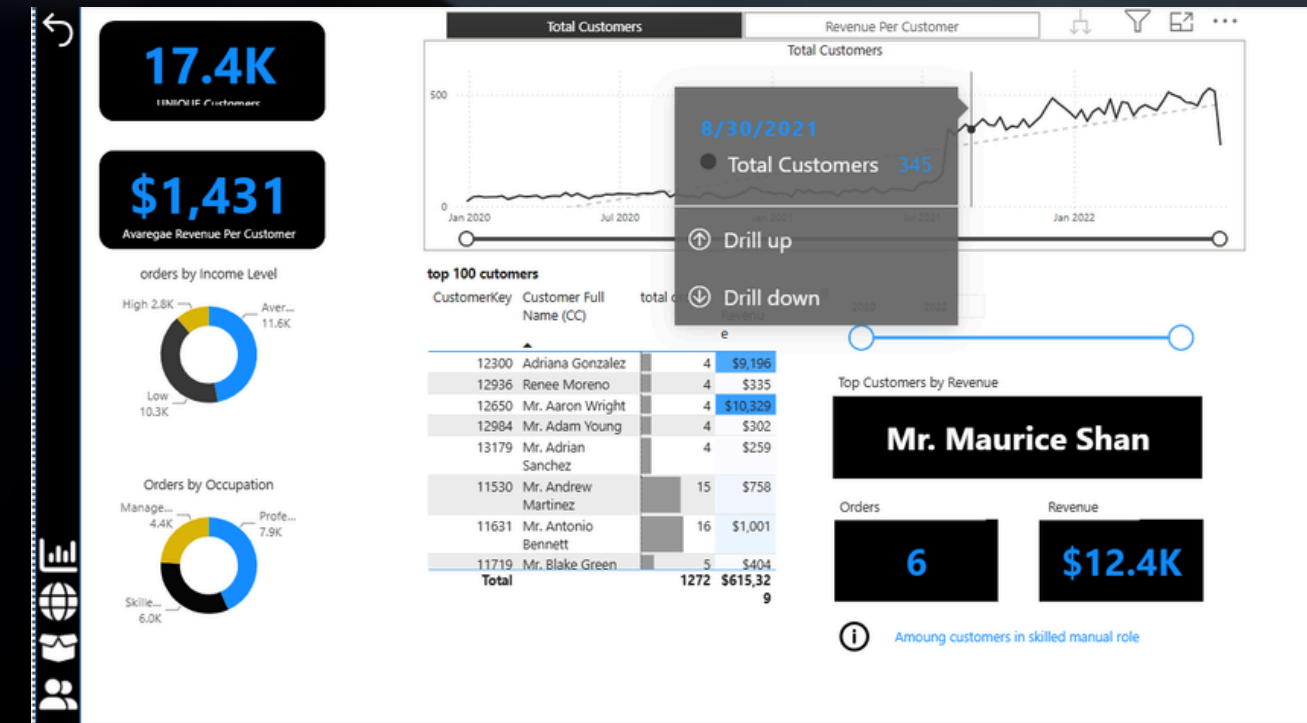

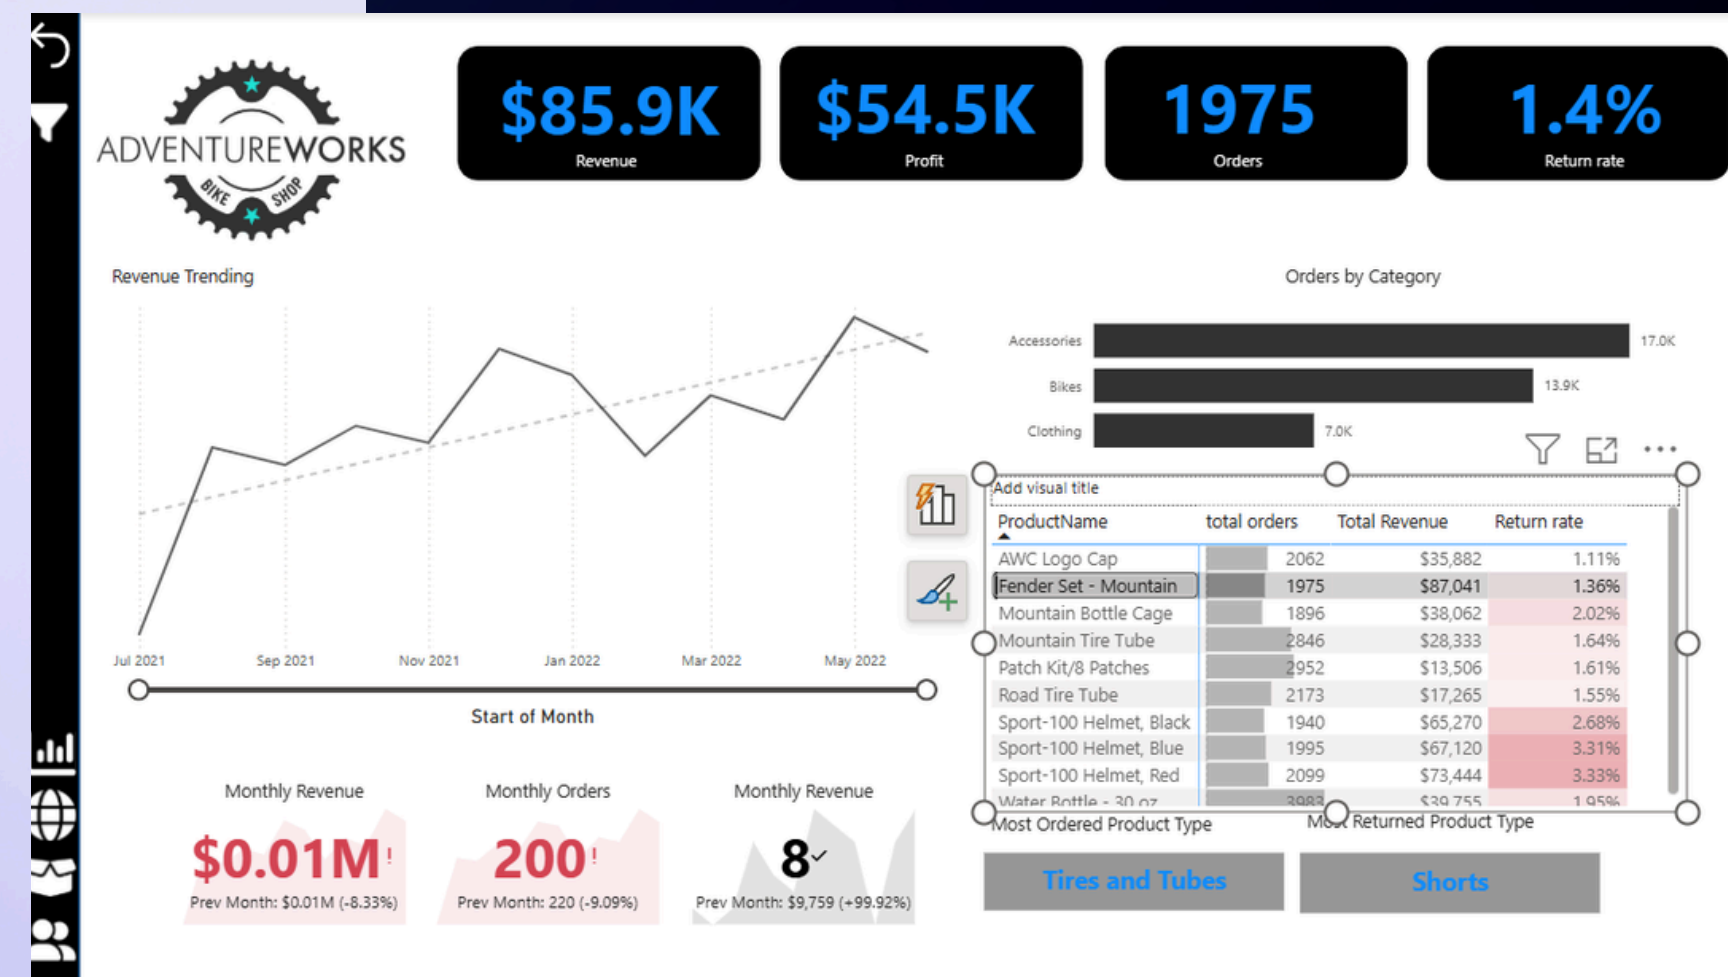

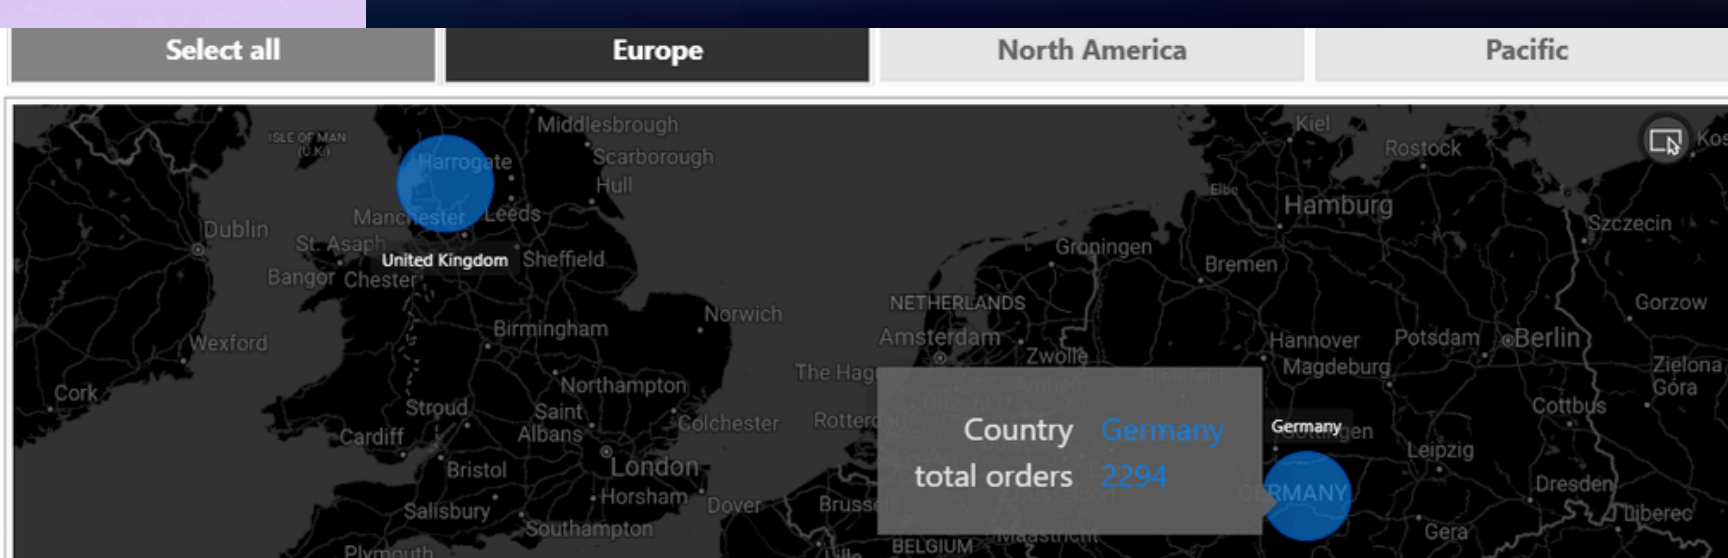

Developed a data visualization project using a Kaggle dataset containing the on-time performance of U.S. domestic flights operated by major airlines in 2015. The project focused on analyzing delay patterns and communicating insights through clear, story-driven visualizations.

The project applied core data visualization principles such as visual encoding, layout design, and effective communication to transform raw flight data into actionable insights.

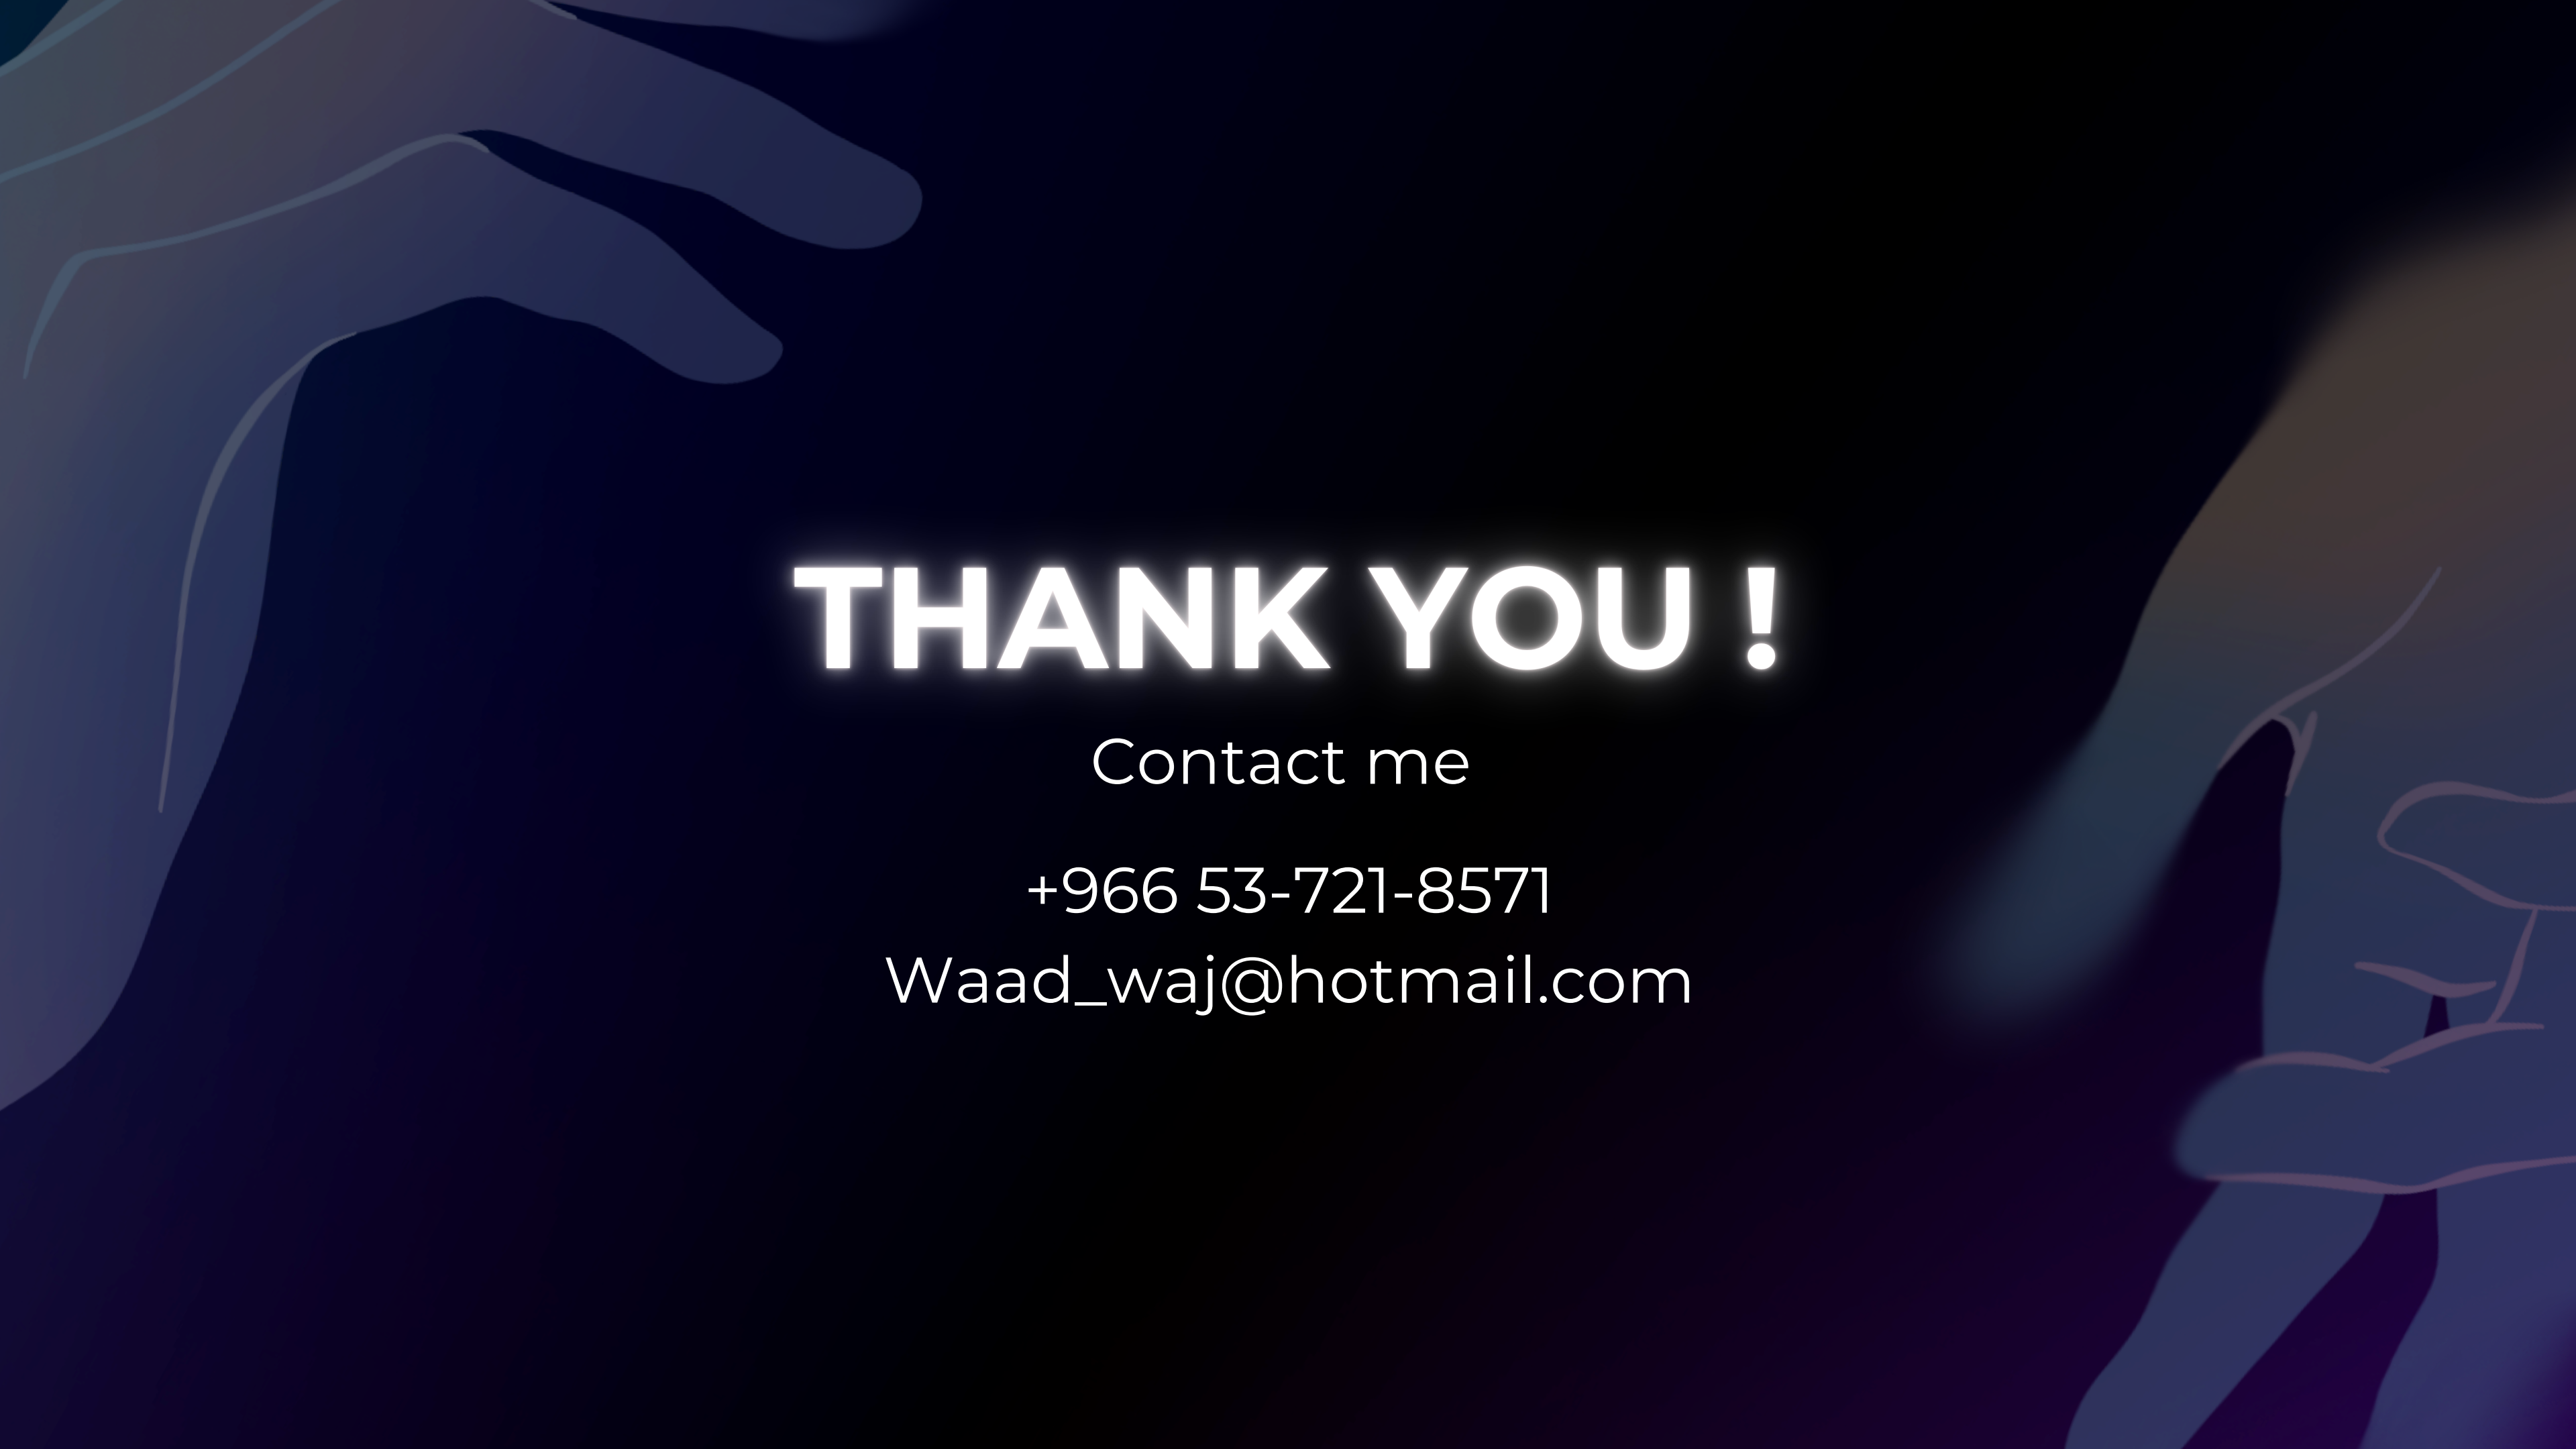

PROJECT 3

BUSINESS INTELLIGENCE ANALYST FOR ADVENTUREWORKS CYCLES – BY MICROSOFT POWER BI

Completed an end-to-end business intelligence project using Microsoft Power BI Desktop, simulating the role of a Business Intelligence Analyst for a manufacturing company.

The project focused on transforming raw data into interactive dashboards and reports to monitor KPIs, analyze regional performance, track product trends, and identify high-value customers.
